2026 SPONSORSHIP OPPORTUNITY GUIDE

Dear Business Leader,

As we look ahead to 2026, I want to personally thank you for the role you play in strengthening Niagara County's business community - and invite you to consider partnering with the Niagara USA Chamber of Commerce through our 2026 Sponsorship Opportunities.

In 2025, we made a deliberate investment in connection. We expanded and elevated our calendar with high-profile networking and educational events designed to bring decision-makers together, spark relationships, and drive real business outcomes. That momentum continues into 2026 with an even more ambitious and aggressive slate of programs.

We also invested heavily in how we communicate. By strengthening our newsletter technology and refining our messaging, we are now consistently averaging open rates above 50 percent - in addition to adding hundreds of new followers on LinkedIn. That matters. It ensures our sponsors are seen, acknowledged, and associated with well-attended, well-communicated events that reach engaged business leaders.

One clear example of this engagement is our Quick Connect series. Throughout 2025, Quick Connect lunches sold out regularly - prompting us to expand the concept. In 2026, we will offer both monthly Quick Connect lunches and a *new series of monthly Quick Connect breakfasts* to meet growing demand.

Sponsors also receive premier visibility through our four signature events: the 2026 Economic Outlook, the 2026 Chamber Honors Awards Dinner, the 2026 Golf Classic, and the 2026 Small Business Expo. These cornerstone programs provide the highest level of recognition and access to Niagara County's business leadership.

Your sponsorship does more than support events. It directly advances our mission of strengthening and growing Niagara County's regional economy - business by business, and as a whole - through advocacy, networking, education, and economic development.

Advocacy remains especially critical. In early December, the State Energy Planning Committee approved a revised State Energy Plan that recognizes the importance of natural gas to New York's future - *a hard-fought win on an issue the Niagara USA Chamber has led for years*. That victory does not lessen the work ahead. Anti-business advocacy groups remain well-funded and persistent, and our voice will be needed more than ever in 2026.

A sponsorship with the Niagara USA Chamber delivers a double benefit: meaningful brand visibility with a highly engaged audience, and a tangible investment in the future of Niagara County's economy.

Thank you for your continued leadership and support. I look forward to working together in the year ahead.

Sincerely,

Craig Turner
Interim Executive Director
